### Planning Consultant Makes A Two-Year Survey Progress Report

DOYLESTOWN, May 8 — Planning Consultant Carl W. Wild declared population is the basis of the whole picture in the transition now taking place in Bucks county at a meeting of the Bucks County Planning Commission here Tuesday when he submitted a progress report.

Wild's two-year consulting program has been financed by a grant from the State and is for planning in Lower Bucks county, where critical conditions have arisen since the coming of the Fairless Works.

Asserting that population is the most difficult phase of the present rapidly changing situation, Planning Consultant Wild said: "What has been happening since 1950 to 1952? Where is the most concentrated population? Why? and where will the possible trends be? These are the questions which make it difficult."

"Bucks county experienced quite an increase in population between 1940 to '50; before we ever heard of U. S. Steel and the Fairless Works. The trend in Bucks is as significant as it is in Delaware county."

"The 1950 census reveals that six percent of the people in Lower Bucks county were living in a rural or farm area. Lower Bucks county has a 52.5 percent of industrial workers which is unusually high. The average for Philadelphia and the metropolitan areas is only 45.9 percent compared with Bucks county's 52.5 percent average."

"There is relatively little commerce in Lower Bucks county since most of the workers are employed out of the county in the nearby

## WILL START CATHOLIC CHURCH CONSTRUCTION AT LEVITTOWN

Construction is expected to start next month on an auditorium, left, and parochial school building, right, for St. Michael the Archangel Catholic Church in Levittown, on the east side of Levittown Parkway, north of Route 13. The units seen above are planned for use in September, 1954. The auditorium, with 800 seats, will be used for church services until a church is completed. The parish school will have 16 classrooms. In the one-story glass-walled connecting corridor will be offices. The Rev. Joseph M. Collins, rector of St. Michael's, announces that a convent for the teachers will also be erected on the site.

## Architect's Drawings Of Church To Be Released

### To Be Released for The First Time at Supper in St. Paul's P. E. Edifice

EDGELEY, May 8 — Under direction of Walter A. Fagan, arrangements chairman of St. Paul's Episcopal Church, plans are being made for an all-parish covered dish supper in Edgely Fire Co. hall, May 13th. The Women's Auxiliary, under leadership of Mrs. Ella Glaman, is directing the supper. The auxiliary is providing meat, coffee, and dessert. Each family is asked to provide a vegetable, cake or salad.

The architect's drawings of the new building, to be located at Mill Creek road and Levittown Parkway, will be released for the first time. Each person attending will receive a copy of the drawings. The theme of the meeting will be: "What Is Your Church Doing?" The Rev. Henry Kaufman, rector of Emmanuel Church, Holmesburg, and the Very Rev. George Trowbridge, dean of the Convocation of Germantown, will be present. The keynote address will be given by Loring Dam, Chestnut Hill. Mr. Dam is a layman active on the executive council of the Convocation of Germantown.

During the meeting "movies" will be shown the children in the undercroft, and baby sitting will be provided in the nursery. All members of the congregation and friends are invited.

After business, St. Paul's Campaigners will meet in the undercroft for a session under direction of Arthur Barton, training chairman. The campaigners will head up a drive for funds for the new church.

The Rev. Stanley A. Powell, Jr., vicar, will observe the fourth anniversary of his ordination on May 14, which is the Feast of the Ascension in the Church Calendar. In

## Juniors at Newtown Have Mothers As Their Guests

NEWTOWN, May 8 — Members of Jr. Auxiliary, Morell Smith Post, American Legion, on Monday were hostesses at a mother-daughter banquet at the Temperance House with attendance of 36.

Mrs. James Tracy, Hulmeville, chairman of Veterans Administration Hospital, Phila., praised the juniors for interest and early training in Auxiliary affairs.

Initiation ceremonies were participated in by Joan Carter, Florence Hauler, Kay Camilla and Joanne Camilla.

Banquet committee included: Mrs. David Balderston, junior advisor; Mrs. Walter Kench, Mrs. Herman Teschner and Mrs. Charles Miller.

## COUNTY GOVERNMENT

(Jury Commissioner)

Two Jury Commissioners are elected every four years, one by the majority political party and one by the minority party. The salary paid is \$315 per year.

In November of each year, the Jury Commissioners, with the Judges of the Court, fill the jury wheel with 2,400 names for the next year, each Commissioner furnishing one-third of the names and the Court furnishing one-third.

Thereafter the Jury Commissioners meet at various intervals during the year and draw five Grand Juries of twenty-four names, the jurors for 10 criminal courts and 120 jurors for each of the nine civil courts. They employ a clerk to assist in the work of drawing the jurors and recording the names of the jurors drawn.

The present Jury Commissioners of Bucks county are J. Robert Hendricks, (R), of Bristol, and Mary H. MacLaren (D), of Morrisville.

The Republican candidate for Jury Commissioner this year is Sanford F. Cunningham, of Upper Southampton Township, and the Democratic candidate is Helen Cliver, of Bristol Township.

## Middletown Supervisors Withdraw Tower Appeal

LANGHORNE, May 8 — The Middletown twp. Supervisors have withdrawn their appeal of Levitt & Sons' permit to construct a water tower on the builder's land in the township, according to J. Russell Newbold, chairman of the board of supervisors.

The supervisors on Monday had appealed the issuance of the permit to Levitt by Harry Ticehurst, zoning officer. Newbold on Monday voted with Supervisors Sven Nielsen to appeal the permit, but later reversed himself and joined with Supervisor Raymond Secules in opposing the appeal.

"The zoning board of adjustment are all appointees of the board of supervisors," Newbold said. "Therefore an appeal by the supervisors probably would be considered as exerting undue influence."

The permit has also been appealed by Middletown twp. Authority. The zoning board will conduct a hearing Wednesday.

## Miss Clara M. Parks, 82, Dies; A Former Teacher

Miss Clara M. Parks, who for many years had taught in Bristol public schools and resided here during that time, is to be buried tomorrow.

Miss Parks observed her 82nd birthday anniversary last Saturday. Born in Morrisville, she taught school in that borough, in Bristol and in Chester. Death occurred Tuesday in Philadelphia.

The Rev. Clifford Pollock, pastor of Morrisville Presbyterian Church, will officiate at the service at two p. m. tomorrow at 41 W. Trenton avenue, here. Burial will be in Morrisville Cemetery.

## Langhorne Council to Seek Bids for Drainage Project

### Work Would Be Completed By June 15 for Highway Surfacing

LANGHORNE, May 8 — Langhorne borough council meeting at Town Hall last night authorized the advertisement for bids for construction of drainage facilities for Pine and Richardson avenue to be completed by the middle of June so the State Highway Department can reconstruct and re-surface the two streets at the end of the summer.

Cost of the drainage project is estimated at between \$30,000 and \$40,000. According to William Palmer, council secretary, the borough has about \$24,000 set aside for the work.

Council granted the street committee permission to authorize the borough engineer to draw up plans and specifications for drainage facilities for Station avenue, Green street, and Wells avenue, for next year.

The State Highway department, beginning Monday will move into the borough to complete the re-surfacing of Bellevue and Richardson avenues from south borough line to north borough line. The borough will make the streets "No Parking" during the work.

## Woman Seriously Injured When Struck by Auto

LANGHORNE, May 8 — An automobile driving west on Lincoln Highway struck and injured Mrs. Anna Koplar, 35, of Trenton avenue, as she was walking at the intersection of Dream Highway at 8:30 last night.

The driver, identified as Charles Payton, of near Trenton, N. J., told Middletown twp. Police Chief Howard Shook that the woman, walking in the same direction on the right side of the road, suddenly appeared in front of him.

Chief Shook said Mrs. Koplar is Ukrainian, and could not speak English when he questioned her. Bucks County Rescue Squad took her to Mercer Hospital, Trenton, listing her injuries as compound fracture of the lower left leg, shock, deep laceration of the upper right leg, laceration of the right hand, and abrasions of the chin and forehead.

Arraigned before Justice of the Peace F. Eugene Sergeant, Payton was held on a technical charge of assault and battery by automobile, pending the outcome of Mrs. Koplar's injuries.

## Tullytown Board Will Negotiate On Monday For New School Site

### Co. Superintendent Boehm Speaks at Open Meeting Last Night

(By Staff Reporter)

TULLYTOWN, May 8 — Bucks County School Superintendent, Dr. Charles H. Boehm, addressing 50 borough residents in the fire station, last night, lauded the proposed Walt Disney Elementary School as something that will "bring us together socially."

He described the projected school at a rally sponsored by Tullytown School Board, who he said will enter into negotiations Monday to buy the Lakeside-Pinewood school site in Levittown.

Referring to the November elections, in which some new school directors are to be named, the superintendent said, "The school board must make a decision on the school before there can be a change in the board. This is the first time in Bucks County when a school board has asked a group of people to sit in before something was done."

Progress on the school has been delayed since August because of the unsettled state of the proposed change of municipal boundaries in Levittown, Dr. Boehm said, declaring, "We can't wait any longer."

The board is anxious to get the school started this summer.

"The school will not be built to serve every child in Tullytown," he said, "because there is the like-

## Opportunities Unlimited, Speaker Tells Students

### 500 Delhaas High Students Take Part in Career Day Program

Because of the industrialization of lower Bucks county "the youth of the area have opportunities here that their fathers never even dreamed of" the junior class of Delhaas High School was told yesterday at the Third Annual Career Day held at the school.

John W. Franks, secretary of the Bristol and Lower Bucks Chamber of Commerce, speaking of Employment Trends in lower Bucks county told the students that despite the immediate job openings, because of the enormous expansion here, students should hesitate accepting jobs before they have completed their education.

"Your aim should be to fit yourself for the better paying jobs with

The course started May 7th and will continue every Thursday at 7:30 p. m.

## ---NEWS BRIEFS---

## Girl Found Bleeding from 40 Cuts

A 17-year-old Phila. girl, badly bleeding from 40 cuts and gashes, was located when she called for help at an Eddington home, at 6:30 this morning, after eluding state police, and officers of Phila. and Bensalem twp. for several hours.

Bensalem twp. Police Chief George Rentz, who heard the first report of the girl from a taxi cab driver at city line at 1 a. m., was telephoned this morning by Mrs. George Kearny, of Bristol Pike, Eddington, at whose home the girl had stopped.

He drove the girl to Nazareth Hospital, Phila., where the 40 slashes were discovered. She said she had been cut and beaten by a stranger who forced her into his car on Cottman street, Phila., near her home, after asking directions.

Phila. police told Chief Rentz that earlier last night they found the injured girl lying on the street, but that on being driven to Nazareth Hospital she ran away from the officers.

Ernie Huber, of Richelieu road, who operates a taxi at the Route 13—City line terminal, told Chief Rentz at 1 o'clock this morning that he had seen the girl disembark from a street car, and noticed her injured condition when he approached to solicit a "fare". The girl ran away as the cab drove up, Huber said.

Rentz saw her hiding behind a hedge at Route 13 and Station avenue, wearing blue jeans and a man's shirt. The girl ran from the road when the Chief drove up. Five police cars from Phila. appeared on the scene with state police, and joined in a search that lasted two and one-half hours.

After being found by Chief Rentz, the girl confided that she had been a patient in a mental hospital, and had run from the officers because she feared she would be returned there. When picked up by the stranger who attacked her, she said, she was on her way to a show at Abraham Lincoln High School.

The teen-age girl's face was blackened, Chief Rentz said, and she was cut on the arms, legs, chest and back.

Philadelphia police are reported to be searching for two youths, believed to be her assailants.

## Levittown School Sites Studied By Bristol Twp. Board

### Discuss Sewer Connections With the Authority Representatives

(By Staff Reporter)

Bristol township school board is studying two elementary school sites in the section of Levittown bounded by the Apple Tree, Holly Hill, Crab Tree Hollow, Oak Tree, and Red Cedar sections of Levittown, it was announced last night at Delhaas High School following a meeting of the township school board.

J. Russell Straub, board president, who made the announcement said that the study of the sites grew out of the conference held last week between Levitt's attorneys and the board.

He said that no further action has been taken by the board on the two recently condemned school sites on Mill creek road between Bloomsdale and Edgely road, but that the condemnation proceedings were "under discussion" with Levitt.

The new school sites being looked at by the board are bisected by Black Ditch. One site, said Straub, lays with its back on Black Ditch and its front along the high tension power line nearby. These two sites are for proposed elementary schools said Straub.

At the board meeting last night representatives of the Lower Bucks County Joint Municipality, the Bristol township School District Authority the firm of Albert E. Micklewright, and township engineer W. Spencer Erwin met to discuss the connection of the sewer system of the Delhaas High School to the sewer interceptor line of the Township of Falls Authority. The line leads to the sewerage plant at Fergansville.

The Lower Bucks County Joint Municipal Authority at its meeting March 19 authorized the connection of the school's sewer system to the interceptor line.

Director Harry Barth called for a meeting of school and authority representatives with representatives of the Township of Falls Authority to find out "who is going to run the system, who is going to own the system, and who is going to be permitted to hook into the system."

Cost of the hook-up was estimated at \$60,000. The school authority is now awaiting the opinion of the bonding companies that the sewer connection can be made under the terms of the bond sale.

The board authorized the advertising for three new school buses for delivery August 15. One bus was authorized to be bought immediately.

The board last night accepted the four room addition to the Delhaas

## Kaye Urges Watchful Caution in Middletown

LANGHORNE, May 8 — William Kaye today urged watchful caution as the best course of action to assure the orderly development of Middletown Township. "It is easy to lose sight of the main issue," Kaye declared, "in view of the many charges and counter-charges that are being made. Dozens of Middletown old-timers tell me that while they are not opposed to large-scale developments in the area, they are concerned with the long-range consequences of such developments."

Kaye is a candidate for the Republican nomination of Middletown twp. supervisor in the May 19 primary elections. A township resident for the past 12 years, he served as president of Langhorne Lions Club and is a past master of the Masonic Lodge. He has three married children, and is a departmental manager for Sears, Roebuck & Co., Phila.

"Middletowners are disturbed when they examine the past operations of a builder and discover poor street construction, and so-called municipal water and sewer facilities that spell huge profits for the builder alone," the candidate said. "Further, they have observed whole communities thrown into chaos after the builder has reaped his profits, and dedicated the 'headaches' to the community when he leaves," Kaye asserted.

Kaye suggested that more Middletowners visit newly developed communities to learn the facts on which to base sound decisions. "All developments to date have resulted in additional burdens to those in the areas," he said. "I believe that by exercising caution and through the use of reasonable safeguards, Middletown can avoid the mistakes made by other communities. This is the usual procedure in business, and the management of a community should be on a business basis."

## Tullytown Board Will Negotiate On Monday For New School Site

### Co. Superintendent Boehm Speaks at Open Meeting Last Night

(By Staff Reporter)

TULLYTOWN, May 8 — Bucks County School Superintendent, Dr. Charles H. Boehm, addressing 50 borough residents in the fire station, last night, lauded the proposed Walt Disney Elementary School as something that will "bring us together socially."

He described the projected school at a rally sponsored by Tullytown School Board, who he said will enter into negotiations Monday to buy the Lakeside-Pinewood school site in Levittown.

Referring to the November elections, in which some new school directors are to be named, the superintendent said, "The school board must make a decision on the school before there can be a change in the board. This is the first time in Bucks County when a school board has asked a group of people to sit in before something was done."

Progress on the school has been delayed since August because of the unsettled state of the proposed change of municipal boundaries in Levittown, Dr. Boehm said, declaring, "We can't wait any longer."

The board is anxious to get the school started this summer. "The school will not be built to serve every child in Tullytown," he said, "because there is the like."

## Opportunities Unlimited, Speaker Tells Students

### 500 Delhaas High Students Take Part in Career Day Program

Because of the industrialization of lower Bucks county "the youth of the area have opportunities here that their fathers never even dreamed of," the junior class of Delhaas High School was told yesterday at the Third Annual Career Day held at the school.

John W. Franks, secretary of the Bristol and Lower Bucks Chamber of Commerce, speaking of Employment Trends in lower Bucks county told the students that despite the enormous expansion here, students should hesitate accepting jobs before they have completed their education.

"Your aim should be to fit yourself for the better paying jobs with."

### FIRST AID COURSE

A first aid course, conducted by Bucks Co. Rescue Squad, has started in Edgely Fire Co. hall. Civil Defense is sponsoring the course. This training is open to any adult who desires to learn first aid from experts. It is suggested also that housewives should avail themselves of this training as a knowledge of first aid will be most valuable in treating everyday emergencies as well as emergencies caused by a bombing raid. The course started May 7th and will continue every Thursday at 7:30 p. m.

### Woman Seriously Injured When Struck by Auto

LANGHORNE, May 8 — An automobile driving west on Lincoln Highway struck and injured Mrs. Anna Koplar, 35, of Trenton avenue, as she was walking at the intersection of Dream Highway at 8:30 last night.

The driver, identified as Charles Payton, of near Trenton, N. J., told Middletown twp. Police Chief Howard Shook that the woman, walking in the same direction on the right side of the road, suddenly appeared in front of him.

Chief Shook said Mrs. Koplar is Ukrainian, and could not speak English when he questioned her. Bucks County Rescue Squad took her to Mercer Hospital, Trenton, listing her injuries as compound fracture of the lower left leg, shock, deep laceration of the upper right leg, laceration of the right hand, and abrasions of the chin and forehead.

Arraigned before Justice of the Peace Eugene Sergeant, Payton was held on a technical charge of assault and battery by automobile, pending the outcome of Mrs. Koplar's injuries.

## 24-Million Dollar Bond Issue Awarded by Falls

### Five Bond Houses Purchase Authority Issues for Two Township Schools

FALLSINGTON, May 8 — A total of \$2,125,000 of bonds to finance the construction of the Penn Valley School, Levittown, and the Fairless View School, Fairless Hills, were sold last night to a syndicate of five bond houses by the School Authority of the Township of Falls meeting at Fallsington Elementary school.

Contracts for construction of the schools were awarded to the low bidders who submitted their costs for the work on the Levittown school two weeks ago and on the Fairless View school last week.

Construction of the schools is expected to begin within the next month, or sooner if possible, according to Willard S. Curtin, authority attorney, who announced the bond sale.

The bonds were sold last night to Butcher and Sherrerd, Phila. bonding house which represented a syndicate of financial houses composed of their company; Dolph and Co.; Harriman Ripley and Co.; Merrill, Lynch, Pierce, Fenner and Bean; Moore, Leonard and Lynch.

Average interest for the issue is 3.76 per cent Curtin said.

Cost of the rental to the authority will have to be provided for in the budget of the school board of Falls township but according to Curtin the board's budget at the present tax rate should be sufficient to pay the rental to the Authority.

The contracts awarded last night provide for a 20-classroom and three-kindergarten school for Levittown. The Fairless View school contracts awarded, however, do not include provisions for the two extra classrooms on which the builders bid.

### BURGLARS FLEE

An attempted burglary was evaded at Tally-Ho Inn, Lincoln Highway and Street road shortly after midnight when the owner, Cabell Frye, heard a noise in the basement and went to the top of the cellar stairs to investigate. The burglars fled unseen. Bensalem twp. Police Chief George Rantz, investigating with State Police officers, said entry was made by breaking the cellar door.

### Kaye Urges Watchful Caution in Middletown

LANGHORNE, May 8 — William Kaye today urged watchful caution as the best course of action to assure the orderly development of Middletown Township. "It is easy to lose sight of the main issue," Kaye declared, "in view of the many charges and counter-charges that are being made. Dozens of Middletown old-timers tell me that while they are not opposed to large-scale developments in the area, they are concerned with the long-range consequences of such developments."

Kaye is a candidate for the Republican nomination of Middletown twp. supervisor in the May 19 primary elections. A township resident for the past 12 years, he served as president of Langhorne Lions Club and is a past master of the Masonic Lodge. He has three married children, and is a departmental manager for Sears, Roebuck & Co., Phila.

"Middletowners are disturbed when they examine the past operations of a builder and discover poor street construction, and so-called municipal water and sewer facilities that spell huge profits for the builder alone," the candidate said. "Further, they have observed whole communities thrown into chaos after the builder has reaped his profits, and dedicated the 'headaches' to the community when he leaves," Kaye asserted.

Kaye suggested that more Middletowners visit newly developed communities to learn the facts on which to base sound decisions. "All developments to date have resulted in additional burdens to those in the areas," he said. "I believe that by exercising caution and through the use of reasonable safeguards, Middletown can avoid the mistakes made by other communities. This is the usual procedure in business, and the management of a community should be on a business basis."

### Girl Found Bleeding from 40 Cuts

A 17-year-old Phila. girl, badly bleeding from 40 cuts and gashes, was located when she called for help at an Eddington home, at 6:30 this morning, after eluding state police, and officers of Phila. and Bensalem twp. for several hours.

Bensalem twp. Police Chief George Rantz, who heard the first report of the girl from a taxicab driver at city line at 1 a. m., was telephoned this morning by Mrs. George Kearny, of Bristol Pike, Eddington, at whose home the girl had stopped.

He drove the girl to Nazareth Hospital, Phila., where the 40 slashes were discovered. She said she had been cut and beaten by a stranger who forced her into his car on Cottman street, Phila., near her home, after asking directions.

Phila. police told Chief Rantz that earlier last night they found the injured girl lying on the street, but that on being driven to Nazareth Hospital she ran away from the officers.

Ernie Huber, of Richelieu road, who operates a taxi at the Route 13—City line terminal, told Chief Rantz at 1 o'clock this morning that he had seen the girl disembark from a street car, and noticed her injured condition when he approached to solicit a "fare". The girl ran away as the cab drove up, Huber said.

Rantz saw her hiding behind a hedge at Route 13 and Station avenue, wearing blue jeans and a man's shirt. The girl ran from the road when the Chief drove up. Five police cars from Phila. appeared on the scene with state police, and joined in a search that lasted two and one-half hours.

After being found by Chief Rantz, the girl confided that she had been a patient in a mental hospital, and had run from the officers because she feared she would be returned there. When picked up by the stranger who attacked her, she said, she was on her way to a show at Abraham Lincoln High School.

The teen-age girl's face was blackened, Chief Rantz said, and she was cut on the arms, legs, chest and back.

Philadelphia police are reported to be searching for two youths, believed to be her assailants.

### NO BIOLOGICAL SOLUTION

Prof. Earnest A. Hooton, Harvard anthropologist, is sometimes regarded as a cynic—or at least a pessimist. He has written a great deal about why apes behave like men and vice versa, and his more widely known views about human beings are not flattering. But in his own unorthodox way Professor Hooton is an optimist. He subscribes to the naive belief that it is possible to breed sense into the human race.

At a recent conference in Cleveland he said that man is "still a super-ape; savage, predatory, acquisitive, primarily interested in himself." He doesn't elaborate why man shouldn't be interested in himself, or why he shouldn't be inquisitive.

The professor goes on to say that man needs to make drastic improvement in himself before he can use properly the incredible machinery and the awesome forces a few men have made available. Man has developed the terrible uses of atomic energy, for instance, to a far greater extent than its beneficent potentialities.

But Professor Hooton does not seem to blame Russia for this direction of man's energies. Everything could be straightened out, he thinks, if the human race concentrated on breeding more intelligent people while there are people left to breed.

The professor weakens his own case by admitting that comparatively little is known about human genetics. And he does not explain how he hopes to breed a race of men who would let a government dictate their mating practices and partners. If the eugenists' program for salvation through biology were more nearly a science, it would still run into insurmountable obstacles.

Increased human intelligence is less necessary at this stage than better emotional balance and mental hygiene. Doubling intelligence quotients of everybody would be disastrous if neuroses and psychoses were doubled at the same time.

### ISLANDS UNITE

The British Commonwealth of Nations may soon have a new member. Five island colonies in the blue Caribbean — Jamaica, Trinidad, Tobago, Barbados, and the Windward and Leeward Island group—have signed up for a federal union.

If their legislatures ratify the arrangement, the nascent union may join the Commonwealth and enjoy freedom and at least partial autonomy within that international framework.

Not all Britain's colonies in the Gulf of Mexico are included. Honduras and Guiana, on the mainland of Central and South America, have not joined, although both sent observers to the London conference. Eventually they may see advantages in economic and political collaboration.

### Levittown Lutheran Church

Members of Hope Lutheran Church, Levittown, will join with the 5,000 congregations of The Lutheran Church—Missouri Synod, on Mother's Day, to receive an offering for the church's Armed Services Commission, the Rev. Louis A. Kaufmann, Hope Church pastor, announced today.

The Commission, which has its executive offices in Washington, D. C., ministers to the spiritual welfare of The Lutheran Church—Missouri's Synod's 35,000 young men and women in the military. Its program has been hailed by church and military leaders as the "most comprehensive and effective" service carried on by any church today among the military. The Commission's ministry begins with each individual member when he first enters the service. He is sent an initial packet containing a Lutheran Identification tag, Service Prayer Book, Scripture pocket calendar and several tracts. The serviceman's name and military address, sent to the Commission by his home pastor, is forwarded to the nearest chaplain or contact pastor of the church. One hundred and twenty-six chaplains and 400 contact pastors are cooperating in this effort. In addition, the Commission, with the assistance of 142 hospital pastors, serves Lutherans confined to Veterans Administration hospitals.

This program is financed through Mother's Day collections.

## Population Influx

large cities and industrial centers," said Wild.

Planning Consultant for the benefit of members of the planning commission, Chairman Howard M. Barnes, William S. Erwin, Elwood Britton, Simon K. Moyer, John L. Stover, Charles M. Meredith and Thomas B. Stockham, 3rd, brilliantly reviewed the achievements so far of the Planning Commission here in the county.

Subdivision, water and sewerage reports have already been presented during the past year. He listed a historical report on the county, a population report, for which much of the preliminary work has been done but the projections of the future number of inhabitants was yet to come, zoning, where the areas of the various ordinances had been studied and a report would be made on existing problems and suggested solutions for the benefit of the municipalities; land-use which has been transferred to permanent maps, routes and time-zones for a transportation survey which have been laid out in preliminary form, an outline for recreation report is being prepared.

The State College Planning Consultant also presented a preliminary report on highways in Lower Bucks county. His program has a little less than a year to go. The final version of the studies and reports reviewed at this time will be included in the final report for a comprehensive development plan for the 22 municipalities in Lower Bucks county.

Consultant Wild said very few areas or sections in Bucks county have building permits going back as far as 1950. "To make a study of the population problems we tried first to get something through the electrical connections, but that wasn't successful. By means of aerial maps we were able to fill in the subdivisions and follow up with work areas.

Bensalem, and the Lower Southampton townships were described as the really critical areas in Lower Bucks county. "We are now beginning to see where the trends are crystallizing," said Wild. The amount of acreage which is undeveloped in Northampton, Lower Southampton and Bensalem Townships is also one of the surprising factors and needs constant vigilance if it is to be developed without further headaches relative to good planning. "There is an actual possibility of land-use in these areas under the proper supervision and guidance."

Consultant Wild referred to rough draft of recreation, including modern needs, types, areas and existing status; transportation factors, including bus routes, and time zones which will show how long it takes to get to down-town Philadelphia from Lower Bucks county.

Chairman Barnes announced that in order to hear all the facts on the deepening of the channel of the Delaware river to 40 feet between Philadelphia and Morrisville, a special meeting will be held by the Planning Commission on Monday, May 18 at 2 o'clock in the County Office Building here. Col. Walter Krueger, Jr., who is in charge of the district office of Army Engineers, will speak and answer questions.

the greatest opportunity for personal advancement."

More than 500 students yesterday participated in the Career Day conferences at which nearly 40 industrial and professional leaders spoke of job opportunities in their various fields.

The group was welcomed to the school by Miss Joan Smidovich, of the Presidents Council of the school. Miss Smidovich expressed the wish that the group had enjoyed the conferences.

Walter Miller, school district superintendent, told those gathered at the school that he was "pleased to have such a cosmopolitan gathering." He expressed satisfaction that the students had received valuable experience from contact with the trade and professional leaders.

last night as he drove west on Route 13 past Bensalem twp. High School, according to Bensalem twp. Police Chief George Rentz.

The shell struck and ricocheted from the center of the glass, the chief said, so that it could not be determined from which side of the road it was fired. The person shooting was not found.

Perugini's wife and child were riding with him, the chief said, and if the car had been two feet further ahead on the road, the bullet might have injured one of them.

Chief Rentz this morning urged parents of the township to stop their children from firing guns, which, he said, might easily cause a death. He said he will ask the township supervisors to enact a law banning the use of .22 rifles and air guns by teen-agers.

## Sabot Resigns As Bristol Patrolman

Jules A. Sabot has resigned as Bristol Borough patrolman and his resignation, according to John S. Lynn, chairman of the police committee, has been accepted. These facts were revealed today when a Courier reporter endeavored to get the facts concerning an alleged incident which occurred at the Keystone Hotel Wednesday night.

Mr. Lynn said that he did not have the facts in the case at hand, and that Chief of Police Linford J. Jones had the report of the facts on the case. Chief Jones was not available for comment this morning.

## Create Four Voting Districts in Upper Falls

Doylstown—Rapidly growing Upper Falls Township which covers part of the new Bucks county plant of the Fairless plant of the U. S. Steel Company as well as Levittown, the country's fastest-growing community, was divided into four voting districts today. It was previously one district. A hearing was held in the Bucks county court this morning before President Judge Hiram H. Keller and Judges Edward G. Biester and Edwin H. Satterthwaite, asking that the division to four districts be approved.

Ernest H. Harvey, chief clerk to County Commissioners, testified there are 199 voters in lower Falls township and 2195 in the upper section.

Mr. Harvey said the Bucks County election board adopted a resolution and asked the County Commissioners, Joseph W. Hallowell, John T. Welsh, and Theodore R. Lewis to present this petition to the court.

The upper district, it is stated, will be divided as follows: District one, 887 registered voters, Dist. two, 368; Dist. three, 631, Dist. four, 699. Isaac J. Vanartsdalen, Esq., county solicitor, said there were too many voters to be handled in the upper district satisfactorily before the division. Mr. Harvey testified that Dist. two and three may have to be re-divided. District two contains Fairless Hills; District four, Levittown. Registration lists have been divided and the ballots will be printed and a list of election officers have been submitted by Republicans and Democrats interested in the division.

Deputy Sheriff Charles O'Brien, Penned, testified that he had placed posters in each of the proposed districts.

The hearing is being continued.

High school as recommended by the School District Authority but declined to sign a release of liens without the prior opinion of the school board attorney.

Six teachers submitted their resignations effective with the end of this school year: Janice D. Hanson; John McInerney; Elizabeth Ann Lewis; Barbara S. Elliott; Gertrude C. Schmidt and Sarah C. Roberts. Gerald Hodge resigned also; his contract was signed by the board last month and he had not yet taught in township schools.

The Lutheran Congregation of Levittown was granted the use of the William Penn school for worship services. The Jewish Reform Church previously granted the use of the Wistar Institute for services was granted the use of the Delmas Library for congregational services.

Clarence Young was re-elected secretary of the board; William Vetter was elected treasurer. He succeeds John Allman.

James S. Ritter, 83 Airacobra street, was granted sabbatical leave from September, 1953 to September, 1954 to study under a \$5100 Ford Foundation scholarship. It was pointed out that only 1000 of these scholarships are available to teachers in the entire country.

Board President Straub called for a meeting Tuesday, May 12, of the presidents of PTA's and local civic organizations to discuss playground supervision and the organization's part in the summer program.

Several school bus stop complaints were referred to the transportation committee. A complaint that a student was injured and the school did not carry insurance protecting those "who are compelled to take school exercises" was referred to the township attorney.

hood that 25 to 30 per cent will be going to private and parochial schools in two years."

"The school board feels that this elementary school should have use by adults of the community," the superintendent said, explaining that it will be one of the few public buildings in the borough. The residents attending the meeting expressed interest in using the school for athletics, dramatics and other activities, in spite of the fact that there would be no state aid for recreation floor space in excess of 2,400 square feet.

"At the moment the state is paying one-half the cost of building schools here," Dr. Boehm said. "The aid may drop to zero in ten years." Citing the growing Levittown shopping center, which is within the borough limits, he said: "If the business section expands, the state aid will drop. As we get more assessment in back of each child, there is less aid. There's a good chance that in five, six or ten years we'll pay the entire school building costs."

If the proposed boundary change is adopted, Dr. Boehm said, additional rooms will be needed to serve the Bristol twp. children using the school. "This building can be added to," he said. "We can add four rooms in the summer time." The only reason for the proposed boundary change, he said, "is to cut out school bus transportation costs."

"We're not holding up the educational planning," he said. "We're ready to move as soon as the site is purchased. If we go ahead, we're providing a place for the community to sit together for sports and social activities."

The superintendent said the Tullytown board has conferred with several architects, and engaged John Carver, of Phila., to draw plans for the school. "Each class-

room," he said, "will be a multi-purpose and self-contained. Nearly all the children's activities under the teacher will be in the classroom."

Each classroom unit, he said, will have an outside door and include lavatories, cloakrooms, drinking water, and spaces for science, music, woodwork and dramatics classes.

He suggested that the Tullytown residents examine the new schools at Tohickon Valley, Feasterville, Centennial, and Solebury — New Hope. The school board, Dr. Boehm said, spent two recent Sundays visiting these schools, and others in the Phila. suburbs.

Tullytown School Directors William Hart and William Swangler were introduced by Dr. Boehm, who also presented John Linnscott, who was recently hired as supervisor of Tullytown Schools, effective in July.

Linnscott told the borough residents, "We should be able to bring you into our program to help us provide things for the school. I can't think of a better community than this to make us all 'teachers.'"

Mrs. Melba Snyder, assistant county superintendent of schools, described the school lunch program, which will be put in effect here. The pupils, she said, pay 20 to 30 cents for a lunch.

### NO BIOLOGICAL SOLUTION

Prof. Earnest A. Hooton, Harvard anthropologist, is sometimes regarded as a cynic—or at least a pessimist. He has written a great deal about why apes behave like men and vice versa, and his more widely known views about human beings are not flattering. But in his own unorthodox way Professor Hooton is an optimist. He subscribes to the naive belief that it is possible to breed sense into the human race.

At a recent conference in Cleveland he said that man is "still a super-ape: savage, predatory, acquisitive, primarily interested in himself." He doesn't elaborate why man shouldn't be interested in himself, or why he shouldn't be inquisitive.

The professor goes on to say that man needs to make drastic improvement in himself before he can use properly the incredible machinery and the awesome forces a few men have made available. Man has developed the terrible uses of atomic energy, for instance, to a far greater extent than his beneficent potentialities.

But Professor Hooton does not seem to blame Russia for this direction of man's energies. Everything could be straightened out, he thinks, if the human race concentrated on breeding more intelligent people while there are people left to breed.

The professor weakens his own case by admitting that comparatively little is known about human genetics. And he does not explain how he hopes to breed a race of men who would let a government dictate their mating practices and partners. If the eugenists' program for salvation through biology were more nearly a science, it would still run into insurmountable obstacles.

Increased human intelligence is less necessary at this stage than better emotional balance and mental hygiene. Doubling intelligence quotients of everybody would be disastrous if neuroses and psychoses were doubled at the same time.

### ISLANDS UNITE

The British Commonwealth of Nations may soon have a new member. Five island colonies in the blue Caribbean — Jamaica, Trinidad, Tobago, Barbados, and the Windward and Leeward Island group—have signed up for a federal union.

If their legislatures ratify the arrangement, the nascent union may join the Commonwealth and enjoy freedom and at least partial autonomy within that international framework.

Not all Britain's colonies in the Gulf of Mexico are included. Honduras and Guiana, on the mainland of Central and South America, have not joined, although both sent observers to the London conference. Eventually they may see advantages in economic and political collaboration.

### Levittown Lutheran Church

Members of Hope Lutheran Church, Levittown, will join with the 5,000 congregations of The Lutheran Church—Missouri Synod, on Mother's Day, to receive an offering for the church's Armed Services Commission, the Rev. Louis A. Kaufmann, Hope Church pastor, announced today.

The Commission, which has its executive offices in Washington, D. C., ministers to the spiritual welfare of The Lutheran Church—Missouri's Synod's 35,000 young men and women in the military. It's program has been hailed by church and military leaders as the "most comprehensive and effective" service carried on by any church today among the military. The Commis-

sion's ministry begins with each individual member when he first enters the service. He is sent an initial packet containing a Lutheran Identification tag, Service Prayer Book, Scripture pocket calendar and several tracts. The serviceman's name and military address, sent to the Commission by his home pastor, is forwarded to the nearest chaplain or contact pastor of the church. One hundred and twenty-five chaplains and 400 contact pastors are cooperating in this effort. In addition, the Commission, with the assistance of 142 hospital pastors, serves Lutherans confined to Veterans Administration hospitals. This program is financed through Mother's Day collections.

### Population Influx

Continued from Page One  
large cities and industrial centers," said Wild.

Planning Consultant for the benefit of members of the planning commission, Chairman Howard M. Barnes, William S. Erwin, Elwood Britton, Simon K. Moyer, John L. Stover, Charles M. Meredith and Thomas B. Stockham, 3rd., brilliantly reviewed the achievements so far of the Planning Commission here in the county.

Subdivision, water and sewerage reports have already been presented during the past year. He listed a historical report on the county, a population report, for which much of the preliminary work has been done but the projections of the future number of inhabitants was yet to come, zoning, where the areas of the various ordinances had been studied and a report would be made on existing problems and suggested solutions for the benefit of the municipalities; land-use which has been transferred to permanent maps, routes and time-zones for a transportation survey which have been laid out in preliminary form, an outline for recreation report is being prepared.

The State College Planning Consultant also presented a preliminary report on highways in Lower Bucks county. His program has a little less than a year to go. The final version of the studies and reports reviewed at this time will be included in the final report of a comprehensive development plan for the 22 municipalities in Lower Bucks county.

Consultant Wild said very few areas or sections in Bucks county have building permits going back as far as 1950. "To make a study of the population problems we tried first to get something through the electrical connection, but that wasn't successful. By means of aerial maps we were able to fill in the subdivisions and follow up with work areas."

Bensalem, and the Lower Southampton townships were described as the really critical areas in Lower Bucks county. "We are now beginning to see where the trends are crystallizing," said Wild.

The amount of acreage which is undeveloped in Northampton, Lower Southampton and Bensalem Townships is also one of the surprising factors and needs constant vigilance if it is to be developed without further headaches relative to good planning. "There is an actual possibility of land-use in these areas under the proper supervision and guidance."

Consultant Wild referred to rough draft of recreation, including modern needs, types, areas and existing status; transportation factors, including bus routes, and time zones which will show how long it takes to get to down-town Philadelphia from Lower Bucks county.

Chairman Barnes announced that in order to hear all the facts on the deepening of the channel of the Delaware river to 40 feet between Philadelphia and Morrisville, a special meeting will be held by the Planning Commission on Monday, May 18 at 2 o'clock in the County Office Building here. Col. Walter Krueger, Jr., who is in charge of the district office of Army Engineers, will speak and answer questions.

### Opportunities Unlimited,

the greatest opportunity for personal advancement."

More than 500 students yesterday participated in the Career Day conferences at which nearly 40 industrial and professional leaders spoke of job opportunities in their various fields.

The group was welcomed to the school by Miss Joan Smidcavich, of the Presidents Council of the school. Miss Smidcavich expressed the wish that the group had enjoyed the conferences.

Walter Miller, school district superintendent, told those gathered at the school that he was "pleased to have such a cosmopolitan gathering." He expressed satisfaction that the students had received valuable experience from contact with the trade and professional leaders.

last night as he drove west on Route 13 past Bensalem twp. High School, according to Bensalem twp. Police Chief George Rentz.

The shell struck and ricocheted from the center of the glass, the chief said, so that it could not be determined from which side of the road it was fired. The person shooting was not found.

Perugini's wife and child were riding with him, the chief said, and if the car had been two feet further ahead on the road, the bullet might have injured one of them.

Chief Rentz this morning urged parents of the township to stop their children from firing guns, which, he said, might easily cause a death.

He said he will ask the township supervisors to enact a law banning the use of .22 rifles and air guns by teen-agers.

### Sabot Resigns As Bristol Patrolman

Julius A. Sabot has resigned as Bristol Borough patrolman and his resignation, according to John S. Lynn, chairman of the police committee, has been accepted. These facts were revealed today when a Courier reporter endeavored to get the facts concerning an alleged incident which occurred at the Keystone Hotel Wednesday night.

Mr. Lynn said that he did not have the facts in the case at hand, and that Chief of Police Linford J. Jones had the report of the facts on the case. Chief Jones was not available for comment this morning.

### Create Four Voting Districts in Upper Falls

Doylestown—Rapidly growing Upper Falls Township which covers part of the new Bucks county plant of the Fairless plant of the U. S. Steel Company as well as Levittown, the country's fastest-growing community, was divided into four voting districts today. It was previously one district. A hearing was held in the Bucks county court this morning before President Judge Hiram H. Keller and Judges Edward G. Biester and Edwin H. Satterthwaite, asking that the division to four districts be approved.

Ernest H. Harvey, chief clerk to County Commissioners, testified there are 190 voters in lower Falls township and 2495 in the upper section.

Mr. Harvey said the Bucks County election board adopted a resolution and asked the County Commissioners, Joseph W. Halliwell, John T. Welsh, and Theodore R. Lewis to present this petition to the court.

The upper district, it is stated, will be divided as follows: District one, 887 registered voters, Dist two, 368; Dist three, 631, Dist four, 609.

Isaac J. Vanartsdalen, Esq., county solicitor, said there were too many voters to be handled in the upper district satisfactorily before the division. Mr. Harvey testified that Districts two and three may have to be re-divided. District two contains Fairless Hills; District four, Levittown. Registration lists have been divided and the ballots will be printed and a list of election officers have been submitted by Republicans and Democrats interested in the division.

Deputy Sheriff Charles O'Brien, Pennell, testified that he had placed posters in each of the proposed districts.

The hearing is being continued.

High school as recommended by the School District Authority but declined to sign a release of liens without the prior opinion of the school board attorney.

Six teachers submitted their resignations effective with the end of this school year: Janice D. Hanson; John McInerney; Elizabeth Ann Lewis; Barbara S. Elliott; Gertrude C. Schmidt and Sarah C. Roberts. Gerald Hodge resigned also; his contract was signed by the board last month and he had not yet taught in township schools.

The Lutheran Congregation of Levittown was granted the use of the William Penn school for worship services. The Jewish Reform Church previously granted the use of the Wistar Institute for services was granted the use of the Delhaas Library for congregational services.

Clarence Young was re-elected secretary of the board; William Vetter was elected treasurer. He succeeds John Allman.

James S. Ritter, 83 Airacobra street, was granted sabbatical leave from September, 1953 to September, 1954 to study under a \$5100 Ford Foundation scholarship. It was pointed out that only 1000 of these scholarships are available to teachers in the entire country.

Board President Straub called for a meeting Tuesday, May 12, of the presidents of PTA's and local civic organizations to discuss playground supervision and the organization's part in the summer program.

Several school bus stop complaints were referred to the transportation committee. A complaint that a student was injured and the school did not carry insurance protecting those "who are compelled to take school exercises" was referred to the township attorney.

hood that 25 to 30 per cent will be going to private and parochial schools in two years."

"The school board feels that this elementary school should have use by adults of the community," the superintendent said, explaining that it will be one of the few public buildings in the borough. The residents attending the meeting expressed interest in using the school for athletics, dramatics and other activities, in spite of the fact that there would be no state aid for recreation floor space in excess of 2,400 square feet.

"At the moment the state is paying one-half the cost of building schools here," Dr. Boehm said. "The aid may drop to zero in ten years." Citing the growing Levittown shopping center, which is within the borough limits, he said: "If the business section expands, the state aid will drop. As we get more assessment in back of each child, there is less aid. There's a good chance that in five, six or ten years we'll pay the entire school building costs."

If the proposed boundary change is adopted, Dr. Boehm said, additional rooms will be needed to serve the Bristol twp. children using the school. "This building can be added to," he said, "we can add four rooms in the summer time." The only reason for the proposed boundary change, he said, "is to cut out school bus transportation costs. 'We're not holding up the educational planning,' he said. 'We're ready to move as soon as the site is purchased. If we go ahead, we're providing a place for the community to sit together for sports and social activities.'"

The superintendent said the Tullytown board has conferred with several architects, and engaged John Carver, of Phila., to draw plans for the school. "Each class-

room," he said, "will be a multipurpose and self-contained. Nearly all the children's activities under the teacher will be in the classroom."

Each classroom unit, he said will have an outside door and include lavatories, cloakrooms, drinking water, and spaces for science, music, woodwork and dramatics classes.

He suggested that the Tullytown residents examine the new schools at Tolkickon Valley, Feasterville, Centennial, and Solebury - New Hope. The school board, Dr. Boehm said, spent two recent Sundays visiting these schools, and others in the Phila. suburbs.

Tullytown School Directors William Hart and William Swangler were introduced by Dr. Boehm, who also presented John Linnscott, who was recently hired as superintendent of Tullytown Schools, effective in July.

Linnscott told the borough residents, "We should be able to bring you into our program to help us provide things for the school. I can't think of a better community than this to make us all 'teachers.'"

Mrs. Melda Snyder, assistant county superintendent of schools, described the school lunch program, which will be put in effect here. The pupils, she said, pay 20 to 30 cents for a lunch.

streets Sunday, and the State will enforce the no parking ban.

Five reports of prowlers in the borough were received by the police chief during the past month. Council authorized a \$10 per month car expense retroactive to Jan. 1 for the borough police.

The zoning ordinance governing the size of building lots in a sector in Langhorne bounded by N. Green and Marshall sts. and Wells and W. Watson avcs. was amended by Borough Council at the request of residents.

Council voted to change the zoning from R2, which permitted homes on lots of 3000 square feet, to R1, which requires lots to contain 6500 square feet.

keeping with ancient custom, the vicar will observe this anniversary with a celebration of Holy Eucharist at nine a. m. The vicar, at University of Virginia, was awarded intermediate honors, and was graduated with a degree of bachelor of arts. For a time he served as an instructor in public speaking in the University and as acting director of the speech clinic. Entering the U. S. Navy in 1943, the Rev. Mr. Powell served in various capacities in the Atlantic, Mediterranean and Pacific areas. He was released from the navy with the rank of lieutenant (senior grade) in 1946. He entered the Virginia Theological Seminary at Alexandria, where he prepared for the ministry. In 1949 he was graduated with the degree of bachelor in divinity.

The Rt. Rev. Oliver J. Hart, D. D., bishop of Penna., ordained the Rev. Mr. Powell to the Diaconate on May 14, 1949 in St. Asaph's Church, Bala-Cynwyd (the vicar's boyhood parish). Assigned to St. Paul's, Edgely, the vicar has served here continuously since then.

An unusual number of transfers to St. Paul's has been reported by the vicar, who states the congregation has more than doubled in size.

The vicar lives in the rectory at 27 Fortune Lane.

The parish activities center in the little church at the corner of Edgely avenue and Route 13. Plans are being made to move this expanding parish nearer the center of the population which it serves.

Parish children presented original posters to the congregation on Sunday. Some posters depicted building of the new church. Other children drew their posters around the theme "Building Bigger and Better for God."

### Reviews School Progress, Class Mothers' Meeting

CORNWELLS HEIGHTS, May 8—Cornwells Class Mothers Ass'n held its final meeting of the season Wednesday evening.

Attending was Mrs. Elsie Morgan, who reviewed progress of Bensalem elementary schools, of which she is supervisor. She stated that with aid of Class Mothers, the parent-teacher conferences, annual faculty dinner, and the circulating library were made possible this year. Mrs. Morgan informed the group of a summer program of reading instruction, which will be

available to any student for a nominal fee. The instruction period will be from June 29 to Aug. 7th, in Cornwells school. Upon completion of the course, pupils should be advanced one year in their ability to read.

A discussion followed concerning plans for next year, with several suggestions for participation in school activities in cooperation with teachers. The organization will welcome any new members for next year. Mothers of children attending Cornwells elementary or Bensalem high school are eligible.

Mrs. Vincent Lappan, chairman of the nominating committee, presented a slate of nominees, and the following were elected: president, Mrs. Donald Nichols; vice-president, Mrs. Herman Encke; secretary, Mrs. Elizabeth Smith; treasurer, Mrs. James DuBois.

## Neshaminy Jrs. Continue League Lead; Beat Bristol

LANGHORNE, May 8 — Neshaminy Junior 11's remained unbeaten in the Lower Bucks Junior High League by defeating Bristol, 6-2, yesterday on Playwick field. It was Neshaminy's fourth straight win and third consecutive loss for Bristol.

Coach Joe Sagolla shook up his lineup from top to bottom, Art Mancuso being the only player to start in his regular lineup. The change aided the team defensively but the team failed to deliver base hits.

Teddy Kowal was the losing twirler. Teddy was too liberal with his walks in the first inning as five passes and a hit enabled Neshaminy to cross the plate four times. During the remainder of the game, Kowal permitted but two hits.

Bristol was held to three hits by Williams and was shutout until the last frame when an error and four consecutive walks gave the Junior Warriors a pair of runs. Bristol has not won a game since it beat St. Mary's in an exhibition game on April 22.

## Neshaminy Lassies Defeat Bensalem by 1-Run Margin

CORNWELLS HEIGHTS, May 8 — The Bensalem Township High girls rallied in the last frame but fell one run shy of tying the score yesterday as the Owlettes bowed to Neshaminy High, 7-6, in a Lower Bucks County Girls Softball League tilt.

Coach Annetta Reber's lassies were behind, 7-4, as the last frame started. Hoff reached base on an error by Babesh, Ervin struck out. McIlhenny was safe on Keim's miscue, Hoff scoring. On a fielder's choice and hit by Vida Vinson, McIlhenny crossed the plate. But there the rally died.

Bensalem had 12 errors in the tilt and were held to three hits. Dolores Plunkett started on the hill for the losers and gave way to Pat Tither in the sixth inning uprisings of the Neshaminy girls.

Bensalem is now sporting a .500 average with two wins and two defeats.

## Bucks Countians to Have Posts at Horse Show

TRENTON, N. J., May 8 — Entries have closed for the second annual Trenton Horse Show of the Bridle and Boot Club for benefit of the Charities Fund, Jr. Chamber of Commerce to be held May 9-10 at the New Jersey State Fair Grounds.

The gala program, licensed by the American Horse Shows Association, will provide diversified entertainment for young and old as scores of entrants compete for

more than \$1,000 worth of cash prizes and trophies during the two-day show.

Named to judge the gala two-day program are Sexton Woodward, Sr., Sexton Woodward, Jr., Trenton; Dr. W. Norman Reed Yardley, Pa. and Dr. M. J. Smith and Robert McVeigh, Princeton. The rest of the official roster are: Saddle Horses: J. Griffin Stringfield, Philadelphia, Pa.; Hunters and Jumpers: Col. Harry Disston, New York City; Equitation: Mrs. Herbert W. Stuart, Mt. Holly, N. J.; Walking Horses: Wesley Fenner, Brodheadsville, Pa.; Western: Mr. Fenner and Mr. Stringfield.

Earle Wendell, Lacey Park, has been named ringmaster; David H. Munroe, New York, show steward; Mrs. Munroe will share announcing duties with William V. McKenzie of Meadowbrook, and William Anglemeyer of Huntington Valley.

20th Anniversary Observed By Class at A Banquet  
NEWTOWN, May 8 — The 20th anniversary of Flora Taylor Bible Class, Newtown, Presbyterian Church, was held May 5th, with a turkey dinner prepared by Mrs. Jesse Osmond and her committee. It was served in Fellowship Hall by Mrs. J. Norman Clark and her aides.

Mrs. James A. Dawson, president, called on Mrs. R. Walker Jackson, who conducted devotional services, after which Mrs. Cora

Ogelby, chairman of the program committee, introduced the guests.

Mrs. Flora Taylor, Springfield, for whom the class was named, mentioned the class was organized in 1933 with 18 members. Dr. and Mrs. John E. Mertz also gave greetings.

Mrs. Taylor and Mrs. Mertz were presented with corsages.

A letter was read from a former member, Elizabeth Haltrich, now residing in Florida.

Mrs. John E. Mertz rendered three piano solos, which were followed by a short play entitled "Too Much Opportunity," presented

by Mrs. Roy Albright, Mrs. George Coley and Mrs. J. Edward Seipp.

The present officers are Mrs. James A. Dawson, Sr., president; Mrs. Anna D. Scott, vice-president; Mrs. George Coley, secretary; Mrs. Roy Albright, treasurer. Serving on the program committee with Mrs. Ogelby were Mrs. Roy Albright and Mrs. J. Wardell Eitenger.

This week's guests of Mr. and Mrs. Wilmer Dyer, 257 Madison st., were: Mrs. John Smith and son Kenneth, and Mrs. William Lynch of Shrewsbury, N. J.

## Talk Before Club Women Will Center About Herb Planting

WASHINGTON CROSSING, May 8—Mrs. Charles Harper Smith, member of Washington Crossing Park Commission, and consultant for the proposed herb garden at Thompson-Neely House, will be guest speaker at the annual Bowman's Hill Day meeting of Bucks County Federation of Women's Clubs, May 14th. Mrs. Smith's talk will center around the planting of herbs and a garden in keeping with the Revolutionary period.

The planting of an herb garden is the project of the Division of Conservation & Gardens, and an outgrowth of the county federation project to furnish the Thompson-Neely House as a national museum. A change in date has been announced by Mrs. Wm. V. Loughery, federation chairman of conservation and gardens, the new date being Thursday, May 14th, at 11 a. m. at the pavilion.

After a box luncheon the group will be led on a tour of the educational trail, one of the many trails of Bowman's Hill Wild Flower Preserve, by park botanist, Norman Fisher. The tour will end with a visit to the site of the proposed garden—the Thompson-Neely House, where the "Americana Loan Exhibit" sponsored by county federation is currently attracting a great number of visitors.

"For the flesh lusteth against the Spirit, and the Spirit against the flesh, and these are contrary the one to the other, so that ye cannot do the things that ye would."—(Gal. 5:17).

Our carnal or lower desires are often at war with our better selves, our higher nature which reaches up toward God. Thus, because of this inner conflict, which none of us escapes, we cannot do all that we should do; we cannot be as good as in our better moments, we earnestly desire to be. As our Lord said, "The spirit is willing, but the flesh is weak." Consequently we must strive to subdue our physical desires to the things of the spirit, not with the false object of torturing ourselves to become holy, but with the intention of bringing ourselves into harmony with the will of God. Where better can we receive God's help in doing this than at the altar where we offer ourselves to Him? The great prayer of self-oblation in the Sacrament of the Holy Communion, expresses this beautifully and profoundly: "Here we offer and present unto thee, O Lord, our selves, our souls and bodies, to be a reasonable, holy and living sacrifice unto thee." If we yield ourselves totally to our Lord He will reveal His will for our lives, and will also bestow His grace to help us in using our bodies and souls aright in His service. Each time we receive this Sacrament we might well make this prayer, in the words of an ancient hymn—

"Let thy blood in mercy poured

## NEWS OF THE LEVITTOWN COMMUNITY

### Ground-Breaking for New Reformed Church, May 24

LEVITTOWN, May 8—Sunday, May 24, has been set as the date of ground-breaking ceremonies for the new Levittown Reformed Church, the Rev. E. Bert Bonte, pastor, of 57 Willow lane, announced today.

Ground will be broken on a church site at Levittown Parkway and Sexton lane, at 3:30 p. m. Participating in the ceremony with the pastor will be Dr. David Evans, chairman of the church extension committee of the Synod of New Jersey; the Rev. Robert A. Geddes, executive secretary of the Synod; the Rev. Harold Schut, pastor of Churchville Reformed Church and president of the Classis of Phila., and a representative of Levitt & Sons, Inc. The Phila. Classis, which includes Levittown, is part of the New Jersey Synod in the Reformed Church of America.

The ceremony will be the beginning of construction of a church whose modern functional design won its architect, Malcolm Duncan, of Scarsdale, N. Y., first prize in a contest sponsored by the American Association of Church Architects.

The builders, Cook-Goodwin & Co., of Phila., will start work on the first unit, and expect to have it completed by Fall. Included in the unit will be a chapel seating 175 persons, and a social hall and education building designed to accommodate 300 chairs and 300 to 400 Sunday School pupils.

The chapel will be used for worship services until a later date when the main sanctuary will be erected. Later plans call for the use of glass blocks for the church front.

The Levittown Reformed Church now uses Edgely Fire House Sunday mornings for Sunday School sessions at 9:45 and worship service at 11 o'clock. At the May 17 service, a representative of the American Bible Association will present to the congregation a pulpit Bible, for use in the new church.

## NEWS OF THE LEVITTOWN COMMUNITY

### Ground-Breaking for New Reformed Church, May 24

LEVITTOWN, May 8—Sunday, May 24, has been set as the date of ground-breaking ceremonies for the new, Levittown Reformed Church, the Rev. E. Bert Bonte, pastor, of 57 Willow lane, announced today.

Ground will be broken on a church site at Levittown Parkway and Sexton lane, at 3.30 p. m. Participation in the ceremony with the pastor will be Dr. David Evans, chairman of the church extension committee of the Synod of New Jersey; the Rev. Robert A. Geddes, executive secretary of the Synod; the Rev. Harold Schut, pastor of Churchville Reformed Church and president of the Classis of Phila., and a representative of Levitt & Sons, Inc. The Phila. Classis, which includes Levittown, is part of the New Jersey Synod in the Reformed Church of America.

The ceremony will be the beginning of construction of a church whose modern functional design won its architect, Malcolm Duncan, of Scarsdale, N. Y., first prize in a contest sponsored by the American Association of Church Architects.

The builders, Cook-Goodwin & Co., of Phila., will start work on the first unit, and expect to have it completed by Fall. Included in the unit will be a chapel seating 175 persons, and a social hall and education building designed to accommodate 300 chairs and 300 to 400 Sunday School pupils.

The chapel will be used for worship services until a later date when the main sanctuary will be erected. Later plans call for the use of glass blocks for the church front.

The Levittown Reformed Church now uses Edgely Fire House Sunday mornings for Sunday School sessions at 9.45 and worship service at 11 o'clock. At the May 17 service, a representative of the American Bible Association will present to the congregation a pulpit Bible for use in the new church.

Olle Hobbs  
Pinch-Hitting for Joe Elberson

Something we have been wanting to see for a long time has returned. There are herring in river again. From a report I received, they have taken quite a few herring on the screens at the Fairless steel plant, and they are breaking water along the shore line. I hope we are going to have a run of herring like we had back in 1932. There are a lot of people around now who find it hard to believe that we use to rake the herring out of the river in the spring.

If the herring do come back like they were in 1932, where would people go to see them? We have no shore line around Bristol. Bristol is not like other towns which have places for the people to walk along the river, and places to go and sit or to take their children for walks instead of letting them play in the streets. Bristol has a beautiful lake, and they will not take care of that like other towns. I know of towns which are no larger than Bristol and they have men to take care of their nice lakes, to keep the grass cut and to take care of the trees. They tried to beautify the dump with trees. Why not put some of these trees where the people of Bristol can enjoy them? Levittown and Fairless Hills are going to have lakes in their towns, but they will not look like the one which Bristol has. They will take care of their lakes.

"Cookie" Carter officially opened the carp fishing season. He landed an eight pound carp last Thursday at Silver Lake and lost a larger one. This is the story I got on Cookie; he was having trouble with the dobber — that is a piece of stick which carp fishermen have on their line to let them know when they have a strike. Well, the one "Cookie" had split and he had to get a new one. While he was hunting for it, he had a strike but he was not around his rod; so this big carp just took the line and all.

Trout fishing is still fair in the Nesaminy Creek. "Ken" Jenks, "Walt" Prickett and I fished the Nesaminy last Thursday and landed eight nice trout. "Ken" got one thirteen-inch rainbow.

There are a lot of trout left in the Nesaminy, but you have to fish it hard to find them. The cool weather has slowed the hatch of flies on the creek and the trout have stopped feeding off the surface. The rain we had riled the creeks up a little. If we don't have any more rain, it should be good fishing over the week-end. If the weather warms up, your best bet would be dry flies. There has been a little tan fly on the water, and this is what the trout have been feeding on.

There have been plenty of catfish caught in the Delaware River in the past weeks.

The monthly blue rock shoot of the Bristol Fish and Game Protective Association will be held Sunday, May 10, at the club's shooting grounds. The usual program will be offered including both Lewis class and practice shooting.

Meeting Tuesday — the May meeting of the Bristol Fish and Game Protective Association will be held next Tuesday, May 12th, at 8 P. M., at the American Legion Home, Radcliffe Street, Bristol. Members are asked to be on hand, and all other interested sportsmen of lower Bucks County have a cordial invitation to attend.

### Bristol's Track Team Continues Undeclared; Beats Southampton

Bristol High's unbeaten track team added another win to its list yesterday as it easily won a dual meet with Southampton High on the local track. Final score was 74-30.

The Bristol Junior High team was also victorious by an overwhelming 63-28 margin.

In the senior events, Mickey Davis and Vincent Castellani were the only Bristol double winners with Davis taking the 180-yard low hurdles and the 220. Castellani was the winner in the high jump with a leap of 5' 3" and captured the broad jump by sailing 17' 10". Coach "Chick" D'Angelo's team made a clean sweep of the discus and finished one-two in five other events. Southampton made its best score in the mile when its runners placed first and second.

Emilio Gardull was a triple Bristol winner in the junior events, taking the 100, 220, and broad jump. Fenton Larrisey won the 180-low hurdles and the shot put and finished second in the 440.

Bristol cleaned up in the pole vault with Walters winning the event and Lewis and Caucel tying for second.

**BUDGET NOTICE**

Notice is hereby given that the Board of Directors of the School District of the Township of Bensalem, Bucks County, Pennsylvania, has tentatively adopted its budget and related resolutions for its operation for the 1953-54 fiscal year. Said budget calls for a tax of 36 mills per dollar or (\$3.60 per one hundred dollars) of assessed valuation of real estate; a per capita tax of \$5.00 per person; a personal tax of \$5.00 per person; a trailer tax of \$5.00 per month; and a transfer tax of 1% on real estate.

Copies of said budget and related resolutions are on file at the office of the secretary Clarence H. Young, Edgely Avenue, Bristol Township, Pennsylvania and may be examined by appointment with the secretary by all interested persons.

Final action on this budget and related resolutions will be taken at a special meeting to be held on May 25, 1953, at 8:00 P. M.

#### NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P.L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucks County, Pennsylvania, to enact a Resolution providing for the imposition of an annual tax in the amount of ten dollars (\$10.00) upon each resident or inhabitant of the said School District of the age of twenty-one (21) years and over.

A copy of the proposed Resolution is on file at the Office of the Secretary of the said School District in the high school building at Cornwells Heights, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax, is the need for additional funds for general school purposes due to the increased cost of operation of the School District, and the belief that a portion of the cost of operating the said School District should be borne equally by all persons of age who are residents or inhabitants of the said School District so as to more equitably distribute the burden of the cost of the operation of the schools thereon.

#### NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P.L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucks County, Pennsylvania, to enact a Resolution providing for the imposition of a tax on transfers of real estate within the said School District, said tax to be in the amount of One Dollar (\$1.00) on each \$100.00 of the total value, or fraction thereof, of the real estate transferred.

The said tax shall be paid by the grantee, purchaser or other person named in the deed of conveyance, at the time of delivery to or acceptance by the grantee, purchaser or other person.

A copy of the proposed Resolution is on file at the Office of the Secretary of the said School District in the high school building at Cornwells Heights, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax, is the need for additional funds for general school purposes due to the increased cost of operation of the School District, and the belief that a portion of the cost of operating the said School District should be borne equally by all persons of age who are residents or inhabitants of the said School District so as to more equitably distribute the burden of the cost of the operation of the schools thereon.

### SPORTSMEN'S BRIEFS

Ollie Hobbs  
Pinch-Hitting for Joe Elberson

Something we have been wanting to see for a long time has returned. There are herring in river again. From a report I received, they have taken quite a few herring on the screens at the Fairless steel plant, and they are breaking water along the shore line. I hope we are going to have a run of herring like we had back in 1932. There are a lot of people around now who find it hard to believe that we use to rake the herring out of the river in the spring.

If the herring do come back like they were in 1932, where would people go to see them? We have no shore line around Bristol, Bristol is not like other towns which have places for the people to walk along the river, and places to go and sit or to take their children for walks instead of letting them play in the streets. Bristol has a beautiful lake, and they will not take care of that like other towns. I know of towns which are no larger than Bristol and they have men to take care of their nice lakes, to keep the grass cut and to take care of the trees. They tried to beautify the dump with trees. Why not put some of these trees where the people of Bristol can enjoy them? Levittown and Fairless Hills are going to have lakes in their towns, but they will not look like the one which Bristol has. They will take care of their lakes.

"Cookie" Carter officially opened the carp fishing season. He landed an eight pound carp last Thursday at Silver Lake and lost a larger one. This is the story I got on Cookie; he was having trouble with the dober — that is a piece of which carp fishermen have on their line to let them know when they have a strike. Well, the one "Cookie" had split and he had to get a new one. While he was hunting for it, he had a strike but he was not around his rod so this big carp just took the line and all.

Trout fishing is still fair in the Neshaminy Creek. "Ken" Jenks, "Walt" Prickett and I fished the Neshaminy last Thursday and landed eight nice trout. "Ken" got one thirteen-inch rainbow.

There are a lot of trout left in the Neshaminy, but you have to fish it hard to find them. The cool weather has slowed the hatch of flies on the creek and the trout have stopped feeding on the surface. The rain we had riled the creek up a little. If we don't have any more rain, it should be good fishing over the week-end. If the weather warms up, your best bet would be dry flies. There has been a little tan fly on the water, and this is what the trout have been feeding on.

There have been plenty of catfish caught in the Delaware River in the past weeks.

The monthly blue rock shoot of the Bristol Fish and Game Protective Association will be held Sunday, May 10, at the club's shooting grounds. The usual program will be offered including both Lewis class and practice shooting.

Meeting Tuesday . . . the May meeting of the Bristol Fish and Game Protective Association will be held next Tuesday, May 12th, at 8 P. M., at the American Legion Home, Radcliffe Street, Bristol. Members are asked to be on hand, and all other interested sportsmen of lower Bucks County have a cordial invitation to attend.

### Bristol's Track Team Continues Undefeated; Beats Southampton

Bristol High's unbeaten track team added another win to its list yesterday as it easily won a dual meet with Southampton High on the local track. Final score was 74-30.

The Bristol Junior High team was also victorious by an overwhelming 63-25 margin.

In the senior events, Mickey Davis and Vincent Castell were the only Bristol double winners with Davis taking the 180-yard low hurdles and the 220. Castell was the winner in the high jump with a leap of 5' 3" and captured the broad jump by sailing 17' 10".

Coach "Chick" D'Angelo's team made a clean sweep of the discus and finished one-two in five other events. Southampton made its best score in the mile when its runners placed first and second.

Emilio Gardull was a triple Bristol winner in the junior events, taking the 100, 220, and broad jump. Fenton Larrisey won the 160-low hurdles and the shot put and finished second in the 440.

Bristol cleaned up in the pole vault with Walters winning the event and Lewis and Caucel tying for second.

#### NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P.L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucks County, Pennsylvania, to enact a Resolution providing for the imposition of an annual tax in the amount of Ten Dollars (\$10.00) upon each resident or inhabitant of the said School District of the age of twenty-one (21) years and over.

A copy of the proposed Resolution is on file at the Office of the Secretary of the said School District in the high school building at Cornwells Heights, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax, is the need for additional funds for general school purposes due to the increased cost of operation of the said School District so as to more equitably distribute the burden of the cost of the operation of the schools therein.

The amount of revenue estimated
